Long ago, in northern China, there lived a girl named Hua Mulan. When she was young, she learned how to ride horses and practice martial arts.

One day the emperor ordered her father to join the army to fight China's enemies. But her father was old and sick and was unable to fight. So Mulan dressed up as a young man to take her father's place in the army. Because she was so brave, Mulan succeeded in defeating the enemy and returned home to her parents.

Afterwards, Mulan's comrades were all very surprised to discover that she was, in fact, a beautiful woman. Hua Mulan has become a female idol of courage and honor.
